# *Youth of the World Orchestra (YWO)*

A service orchestra that is founded by, composed of, and managed fully by youth. The orchestra promotes cultural awareness and unity through the universal language of music. We play various pieces from different cultures around the world, and perform to serve at various venues including cultural events, community gatherings, and senior citizen homes. Due to the pandemic, we are currently performing virtually. These videos are then sent for use in virtual community gatherings and senior homes to spread positivity and joy during these uncertain times.

Contact Yara at [youthoftheworldorchestra@gmail.com](mailto:youthoftheworldorchestra@gmail.com) for more information or if you would like to participate.
